Summary

As an aspiring web developer, I have honed a range of soft skills that will be crucial to my success in this field. I am a strong collaborator, able to work effectively with designers, project managers, and other developers to achieve project goals. I am a creative problem-solver, able to think outside the box to find solutions to technical challenges. I am adaptable, able to learn new technologies and frameworks quickly and stay up-to-date with the latest industry trends.

Experience

Accenture

Associate Software Developer | 11/2021 - 11/2022

- Collaborate with stakeholders to gather business requirements and identify opportunities for process improvements.
- Configure and customize the Kronos WFM system to meet business needs, including setting up workflows, rules, and policies.
- Analyze data to identify trends, opportunities, and issues, and provide insights to stakeholders.
- Test system changes and ensure that they meet business requirements and do not introduce defects.
- Provide training and support to end-users on the Kronos WFM system.
- Troubleshoot and resolve system issues, working with internal teams and Kronos support as needed.
- Integrate the Kronos WFM system with other systems, such as HR, payroll, and time tracking systems.
- Configure, interfaces, and applications to extend the functionality of the Kronos WFM system
